

Human Ethics Approval

06/05/2024

ATTENTION: Assoc Prof Jennifer Overbeck

3200 - Business Administration
3000 - Business and Economics
The University of Melbourne

Reference Number: 2024-26735-52598-6
Project Title: Choices in Interpersonal Interactions

Dear Jennifer,

Your application for amendment to your project has been approved on the basis that it meets the requirements of the [National Statement on Ethical Conduct in Human Research 2023](#).

Any original conditions attached to your project remain applicable. It is your responsibility to ensure that all people associated with the project are made aware of what has been approved, and that other relevant approvals are obtained before work on this project begins.

Please contact us via the Correspondence tab if you require further assistance.

Kind regards,

Miss Laura Coburn
Research Ethics Officer

Human Ethics Team
Office of Research Ethics and Integrity | Research, Innovation & Commercialisation
Level 5, Alan Gilbert Building, 161 Barry Street, Carlton
The University of Melbourne, Victoria 3010, Australia

Other	RIOT completion certificate H Lee	22/04/2024	0

Conditions of Approval:

Research projects are usually approved for 1 year (to the anniversary date of the approval). Projects may be renewed yearly upon receipt of a satisfactory annual report, for up to a total of three years. If a project is to continue beyond three years, an extension of one year is available, up to a total of 5 years (3+1+1). If a project extends beyond five years, a new application must be submitted. Please contact our office if you require assistance with this.

Please note that the following conditions apply to your approval. Failure to abide by these conditions may result in suspension or discontinuation of approval and/or disciplinary action.

1. **Limit of approval:** Approval is limited strictly to the research as submitted in your Project application.
2. **Variation to project:** Any subsequent variations to the Project must be notified formally to the Committee as an Amendment. These must be approved before they are implemented. If the Committee considers that the proposed changes are significant, you may be required to submit a new application.
3. **Incidents or adverse events:** Researchers must immediately submit to the Committee an incident report for any incident that could affect the ethical acceptability of the project, including adverse effects on participants or unforeseen events. Failure to do so may result in suspension or cancellation of approval.
4. **Annual reports and monitoring:** All projects are subject to monitoring at least annually. An annual report must be submitted each year on the anniversary of project approval (progress report), and at the conclusion of the project (final report). If an annual report is not submitted, the conditions of approval for that year will not have been met.
FOR PROGRAM APPLICATIONS: Please ensure that you attach all Student Proposal Forms (to be completed before each student begins their research) to your annual report submission.
5. **Auditing:** All projects are subject to auditing at any time by the University.
